In addition to the standard tubular lock preparation that is included we can prep for most other lock systems. Two of the most common being mortise and multi point.

Mortise:

Multi Point:

Used on taller doors this door has 3 points of contact from the top to the bottom of the door slab. Used often with large pull bars and simple lever systems.

Modern Custom Doors

Glenview Doors custom pivot entry systems features massive 3.5" double rabbeted slabs that arrive as complete ready to install entries.

The combination of double rabbeted slabs and frame system create a tight weather seal and deliver superior performance in comparison to a regular pivot door. Models are custom built for each project and allow for slabs up to 5 feet wide and 10 feet tall and can be combined with fixed side panels or sidelights to complete wall system. Numerous stain / paint options are available in Mahogany and Oak. Also, aluminum exterior cladding options are available.
